## DESCRIPTION

One Upon Light is a monochromatic styled top-down puzzle game with a photophobic protagonist. Trapped in a world of shifting shadows and light, players must manipulate objects in the environment to create a path of shadows to navigate through the levels. As the protagonist journeys through the dark, he discovers clues about his past lurking in the darkness.

## FEATURES

- Cleverly designed, challenging puzzles using the unique properties of lights and shadows.
- Stylistic, monochromatic cell-shaded 3D world inspired by the mid-century cartoons.
- Intriguing back story that ties into game play, revealing bit by bit as the game progresses.

- Immersive surroundings, portraying the unique mood and feel of the game.
- Escape the light!

## ABOUT SUTD GAME LAB

We are the game development team under the Singapore University of Technology and Design (SUTD Game Lab).

The SUTD Game Lab was formerly the Singapore branch of the Singapore-MIT GAMBIT Game Lab, which created the award-winning games CarneyVale: Showtime, Snap Escape and Dark Dot, among others. The Lab aims to continue the mission of GAMBIT by making games that bridge research and industry, and push innovation in the area of game development. One Upon Light will be our first commercial title under SUTD Game Lab.

The SUTD Game Lab is a key element of Game Research, Education, and Training (GREaT), funded by the Singapore National Research Foundation and administered by the Interactive Digital Media Programme Office, Media Development Authority.
